יהוה *Psalm 1*

November 24, 2003 and present

Ref. **Our sign, etc.**

Dear friends,

In our absence we have prepared this brief note to give to you who ask if we have settled with the A & W Corporation regarding putting Bible Scripture on our sign. No, A & W is still choosing to not let us put up the Bible Scripture and other encouraging messages. However, due to our desire to continue to please God we are putting up His Word especially during the Thanksgiving and Christmas season. May God bless America, you and us as we seek His ways in every area of our life.

We appreciate the tremendous support and encouragement from so many people around this "land of the free". The words and prayers have and will continue to bless and encourage us. May the Lord Jesus cause His love to heal and bless the people at A & W Corporation and, those few who have contributed to causing us to be threatened with the loss of our franchise if we do not stop putting Scripture on our sign. Some also do not like the buildings interior, literature and music.

Most people see our situation as one of religious discrimination, free speech and abuse of our rights as business property, franchise and 100% of the risk, owners. Our franchise agreement does not say we cannot do as we have for over 4.5 years. We pray soon to have this matter behind us. Again, thank you for your concern and business.

Sincerely, *Reuben and Donna Drebenstedt*
